

Model Code Partnership

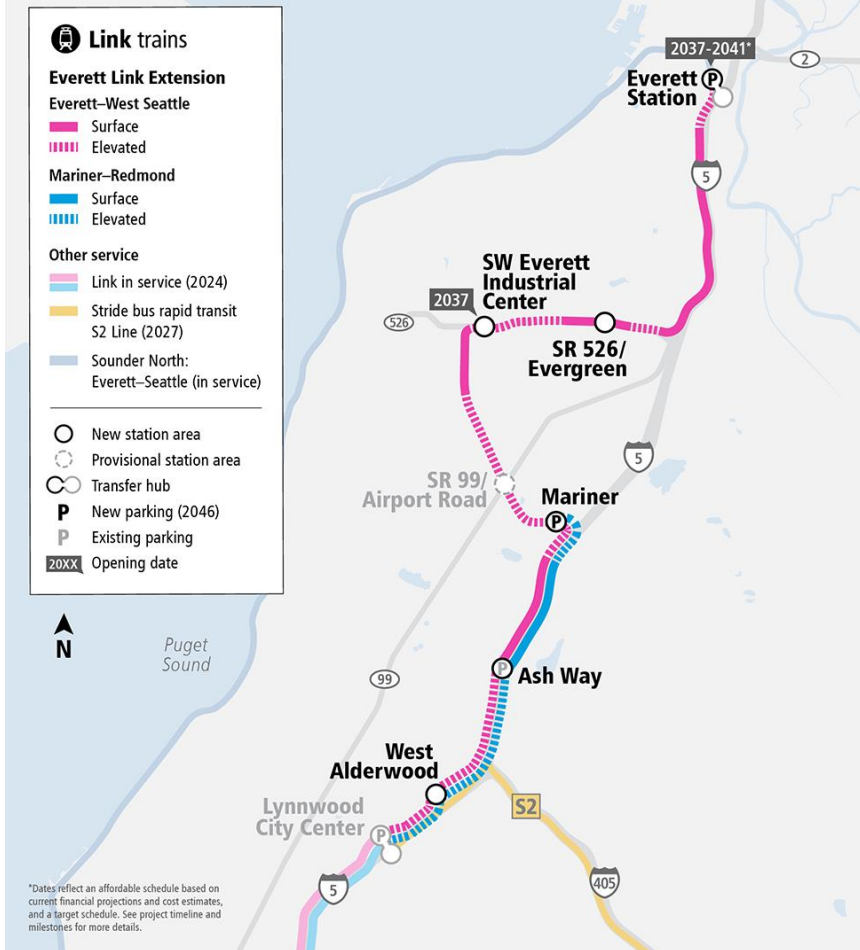

**Puget Sound Regional Council
Regional TOD Committee
June 17, 2022**

Everett Link Extension (EVLE)

Everett Link Extension

- **Length:** 16 miles
- **Stations:** Six stations, plus one provisional (unfunded) station
- **Operations and Maintenance Facility** (target 2034)
- **Parking:** 550 stalls at Mariner, 1,000 at Everett Station (2046)
- **Daily Projected Riders:** 37,000-45,000 (2040)
- **Start of Service:** 2037 to Mariner, 2041 to Everett Station

Operations and Maintenance Facility North

Facility supports Everett Link and system-wide expansion needs

- Critical facility to store, maintain and repair the trains
- Seeking potential locations within Snohomish County and the City of Everett
- Supports 450+ high-skilled, living wage jobs at the facility
- **Capacity:** 150+ light rail vehicles

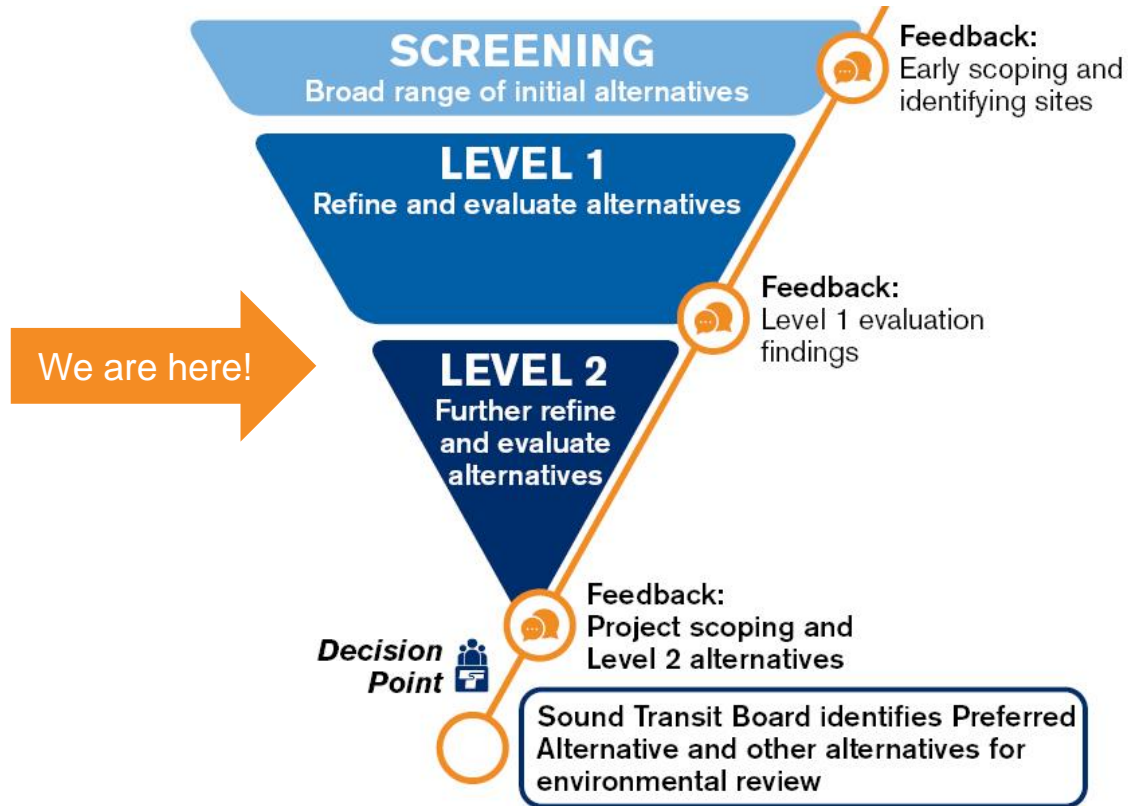

EVLE Project Schedule

**Dates reflect an affordable schedule based on current financial projections and cost estimates, and a target schedule.*

Phase 1: Alternatives Development Process

MCP Scope and Schedule

FTA TOD Pilot Program Grant

\$2M Grant Awarded in December 2020

To support corridor-wide adoption of model regulatory language for:

- Transit-Oriented Development
- Multi-modal connectivity
- Public-private partnerships
- Economic development
- Affordable housing

Model Code Partnership Project

Goals:

Encourage consistency and best practices throughout the EVLE *corridor* to:

- Align standards for design of a linear system through multiple jurisdictions
- Advance common agency and partner interests for station areas and light rail facilities
- Streamline permitting and increase predictability for all partners

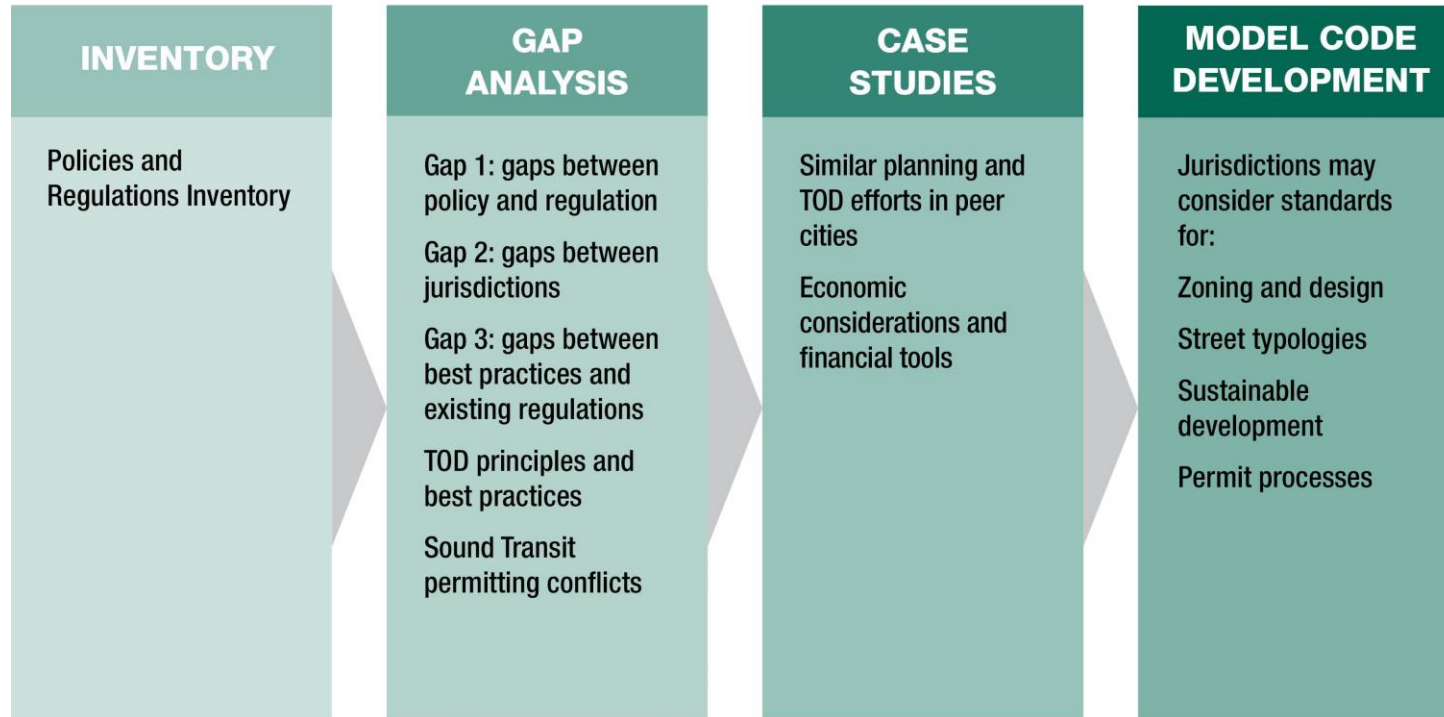

How MCP Relates to EVLE

MODEL CODE PARTNERSHIP SCHEDULE

Model Code Elements

MODEL CODE ELEMENTS

MCP Workshops – Phase I

INVENTORY

WORKSHOP 1 - DEC 2020

- Introduction to the MCP
- Discussion of Policies Inventory

WORKSHOP 2 - APR 2021

- Review Policies and Regulations Inventory
- Key questions for the Gap Analysis

GAP ANALYSIS

WORKSHOP 3 - MAY 2021

- Local needs, support, and topics of interest for MCP
- TOD principles and best practices review

WORKSHOP 4 - JUN 2021

- Gap Analysis review
- Potential Model Code elements to inform Case Studies
- Topics of interest for future phases of work

CASE STUDIES

WORKSHOP 5 - SEP 2021

- Review goals and policy and/or regulatory priorities
- Selection of 5 case studies from 6-8 similar efforts.

WORKSHOP 6 - JAN 2022

- Case study findings review

WORKSHOP 7 - MAR 2022

- Discussion of financial tools and considerations

MODEL CODE

WORKSHOP 8 - JUNE 2022

- Financial tools next steps
- Coordination with jurisdiction planning efforts
- Potential elements to be included in the Model Code

FUTURE WORKSHOPS

- Consensus on which Model Code elements advance for further development
- Potential for implementation

***Policies and Regulations
Inventory Report***

Policies & Regulations Inventory Report

Policy Documents Reviewed

- Comprehensive, Station Area and Master Plans

Regulatory Documents Reviewed

- Municipal and Development Codes

Gap Analysis

Gap Analysis

- 1. Gaps Between Policy and Regulation*
 - 2. Gaps Between Jurisdictions*
 - 3. Gaps Between Best Practices and Existing Regulations*
 - Developed TOD Principles
- *Potential Permitting Challenges and Conflicts*
 - Specific to ST Link system

TOD Principles

- 1. Urban Form, Uses and Development Intensity**
- 2. Multimodal Access to Transit**
- 3. Infrastructure Needs to Support TOD**
- 4. Public Realm to Support TOD**
- 5. Affordable Housing and Equitable TOD**

TOD Case Studies

Focus of Case Studies

- **Corridor-based**
- **Station-specific**
 - Freeway Adjacent & Suburban
- **Thematic Vignettes**

Corridor-based Case Studies

- *Honolulu Rapid Transit; Honolulu, HI*
- *BART Phase II; San José, CA*
- *Central Corridor; Saint Paul, MN*

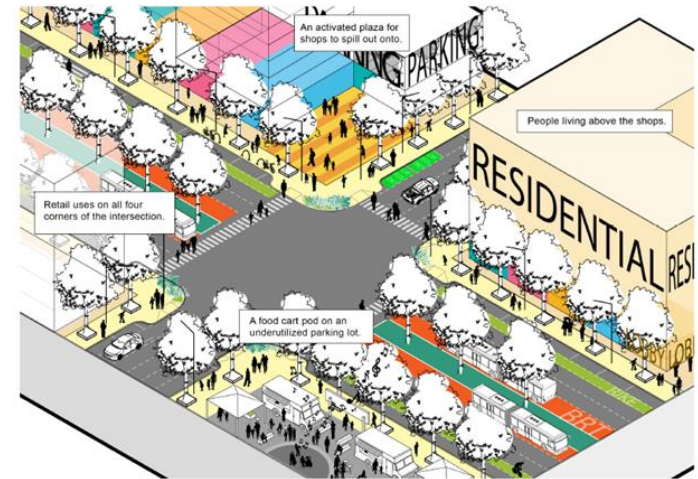

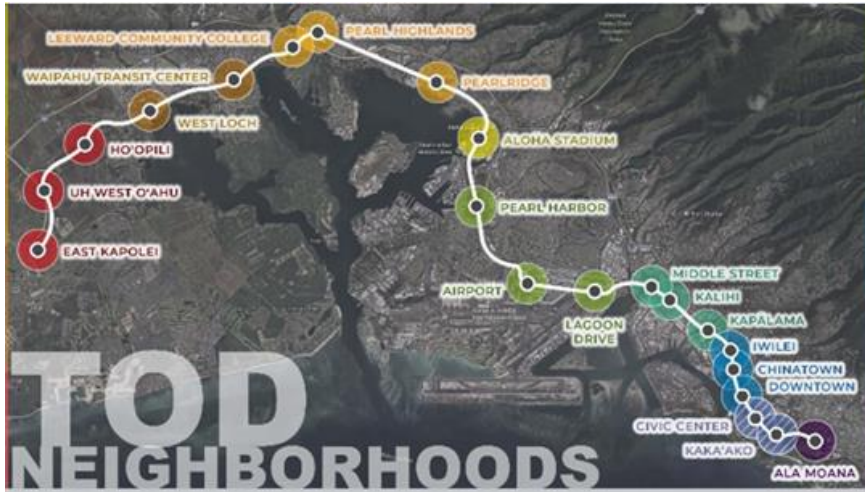

Diagram of a distinct retail destination

Station-specific Case Studies

- *Pleasant Hill BART; Contra Costa, CA*
- *Alameda Station; Denver, CO*
- *Orenco Station; Hillsboro, OR*

Thematic Vignettes

- *Privately Owned Public Spaces (POPS)*
- *Complete Streets*
- *Stormwater Parks*
- *Swales*
- *Shared Stacked Green Infrastructure*
- *District Energy*

Economic Development & Financial Tools

Current Financial Tools: Everett

In Use

- Affordable Housing Trust Fund 
- Business Improvement District  
- MFTE/Low Income Housing Tax Credit  
- Transportation Impact Fee reduction 
- New Jobs Tax Credit 
- CBDG/HOME 

Exploring

- Impact fee deferral
- Utility Connection fee reduction
- Low interest loans for façade improvements/preservation
- Community Renewal Area

	Transportation Facilities/Amenities
	Infrastructure Development
	Housing
	Commercial Development
	Green Building/Infrastructure

Potential Funding Mechanisms

- Regional Equitable Development Initiative Fund 
- Business improvement district   
- Tax increment financing     
- Infrastructure investment funds   
- Housing benefit districts  
- Special assessment districts*
- Redevelopment agencies/districts*
- Value capture through district parking   

*= not in place at this time

	Transportation Facilities/Amenities
	Infrastructure Development
	Housing
	Commercial Development
	Green Building/Infrastructure

Look Ahead

Model Code Sequence of Activities

- Identify subject area/topics to pursue development of model code
- Look to resources (MRSC, PSRC, ST SEDG, MCP case studies) to identify potential model code language
- Prepare generic package of potential model code language
- Review of potential model code by Sound Transit and partners
- Each jurisdiction customizes model code language to carry through local adoption process

MCP Activities Schedule

Thank you.
