- Q & A

Purpose of PSRC's Plan Review Work

Provide resources to help you create local plans
that advance regional goals around mobility, climate
change, housing affordability, racial equity, and more!

Key Policy Themes from VISION 2050

-  Increase **housing** choices and affordability
-  Provide **opportunities** for all
-  Sustain a strong **economy**
-  Significantly reduce greenhouse gas **emissions**
-  Keep the region **moving**
-  Restore the health of **Puget Sound**
-  Protect a network of **open space**
-  Growth in **centers** and near **transit**
-  Act **collaboratively** and support **local efforts**

What's different from VISION 2040?

- Extends planning horizon to **2050**
- Updated growth strategy aims for **more growth near transit**
- New chapter on **climate change**
- Directs regional work on **housing** and **equity**
- Advocates for **sustainable funding** sources
- Increases recognition of **Native Tribes** and **military installations**

Regional Growth Strategy

- Regional geographies group cities and unincorporated areas based on shared characteristics
- Updates to regional geographies based on transit investments, annexation
- Alignment between the Regional Growth Strategy, growth targets, and assumptions in plans

Centers & TOD

Regional Growth Centers and HCT Station Areas

65% of population growth and 75% of employment growth goal for regional growth centers and high capacity transit station areas

Regional Centers

- Application window for new center designations opens in 2024/25
 - Local planning and countywide process – plan ahead!
- All regional centers must have certified subarea plan by 2025

Regional Centers Framework Update

Adopted March 22, 2018

VISION 2050 Consistency Tools

VISION Consistency Tool for Local Comprehensive Plans

Note: The tool shown here is for illustrative purposes. To fill out the tool, visit www.psrc.org/our-work/plan-review.

This tool is intended to help cities and counties integrate VISION 2050 into their local comprehensive plans. VISION 2050's multicounty planning policies serve as the adopted regional guidelines and principles required in state law to guide both regional and local planning. The tool also identifies transportation planning requirements of the Growth Management Act (GMA). The tool may be used at various times in the local planning process:

Plan Update Scoping: Use checklist items as guidance for scoping the extent of plan element updates. New or expanded issue areas in VISION 2050 are identified to support this process.

Draft Plan Review: Submit draft plans to PSRC prior to Planning Commission and Council review. Completing and submitting this tool and providing early drafts to PSRC help identify potential consistency issues early in the process.

Certification Review: Along with the adopted plan, the tool will assist in PSRC's review of the plan. Demonstrating inclusion of the necessary information in the checklist helps facilitate certification. *Note: The PSRC Executive Board is the final decision-making body for plan certification.*

Regional Collaboration: The tool provides cities and counties an opportunity to highlight supports sharing of best practices across the region and benefits jurisdictions as they

Certification Focus Areas (Comp Plans)

GMA transportation-related requirements

- Consistent land use assumptions and travel demand forecasts
- Service and facility needs
- Plan for transportation financing and projects
- Demand management
- Pedestrian and bicycle planning

Consistency with Regional Transportation Plans

- Transportation project lists and financing
- Transportation modeling based on shared regional growth assumptions

Consistency with VISION 2050 MPPs

- Regional Growth Strategy
- Climate change, air quality and VMT provisions
- Equitable transit-oriented development (TOD)
- Housing supply and choices near transit and job centers

Alignment between Plan Elements // Internal Consistency

- Transportation modeling based on different assumptions, inconsistent between elements

Alignment with Growth Targets // External Consistency

- Planned growth significantly higher than targets

Capacity for Planned Growth

Missing Transportation Requirements

- Project lists, bike + ped component, financing plan most common

Housing

- Development of local housing needs assessment
- Expanding capacity for moderate density housing

Climate

- Support for achieving regional greenhouse gas emission reduction goals
- Increasing resilience through identifying and addressing climate change impacts

Equity

- Innovative public engagement strategies
- Advancing racial equity through planning process and innovative policies
- Mitigating and addressing displacement

Plan Review and Certification Program
Piedmont Regional Council

Implementing VISION 2050 Through Local Planning

Long-range plans and policies are developed by a region's localities, cities, counties, planning groups, and transit agencies to help manage current use and plan for growth. PSRC reviews local plans for consistency with VISION 2050 and the Regional Transportation Plan.

State law requires PSRC to review and certify countywide planning policies, local comprehensive plans, and "Smart Transit" long-range plans. PSRC also certifies regional center plans and provides recommendations for local plans.

PSRC's review includes topics such as mobility, environment, regional growth, housing, and transportation coordination. Consistent with the previous regional plan, VISION 2040 provides new and additional focus on several issues, including housing affordability, climate change, resource sustainability, and transit. PSRC also reviews and provides guidance for high-capacity transit.

Types of Review

- Countywide Planning Policies
- Local Comprehensive Plans
- Regional Center Plans
- Long Range Transit Plans

Why certification?

- Regional Collaboration:** Challenges such as climate change, housing affordability, congestion, and water sustainability require regional coordination. PSRC's review and certification of plans and policies supports local governments and public agencies in addressing regional issues.
- Requirements in State Law:** Certification is a key requirement for transportation planning and funding.
- Transportation Funding:** Certification of local comprehensive plans is required by PSRC for jurisdictions to be eligible for PSRC's federal transportation funding.

V2050 Policy Matrix & Updates Summary

VISION 2050 Goals, Policies, and Actions Table
Revised October 2020

The adopted goals, policies, and actions in VISION 2050 were developed in partnership with VISION 2050. This table summarizes specific regional and statewide changes in the multicounty planning policies in VISION 2050 and transitions between the policy in VISION 2040 and VISION 2050. The table is organized by policy number in the plan. Amendments made by the Growth Management Policy Review for the Regional Board in response to comments are shown in the "Significance of Change" column. PSRC's General Assembly adopted VISION 2050 on October 29, 2020.

VISION 2050 Multicounty Planning Policies

VISION 2050's multicounty planning policies are adopted under the state's Growth Management Act. Multicounty planning policies address regional issues within a collaborative planning framework. Counties and cities look to multicounty planning policies to inform updates to countywide planning policies and local comprehensive plan updates. This document compiles the goals and multicounty planning policies for each chapter for quick reference. More about VISION 2050 is available at www.prc.org/vision.

Community Profiles

As a State Data Center for the central Puget Sound region, PSRC keeps a complete inventory of data released from the U.S. Census Bureau. Cities and counties use it to track the well-being of children, families, and the elderly as well as to determine where to locate new public facilities. This portal includes demographic profiles on a variety of topics for all cities and towns in the PSRC region.

The data on this dashboard is a snapshot of the information that is available from the US Census Bureau. In order to view data for all the cities and towns in the Puget Sound region, we are limited to using American Community Survey (ACS) 5 year data. For this reason, you will only find two non-overlapping sets of data on this dashboard. By only including non-overlapping data, users can analyze the data for changing trends. The data on this dashboard is divided into five categories:

- People Measures
- Household & Housing Measures
- Job & Income Measures
- Transportation Measures
- Transportation Projects

Click on the icon at the top of the page that corresponds to the metrics that you are interested in and you will get access to those measures. If you have any questions about the data or are curious what else we might have, please click [here](#) and we will be happy to help.

Passport to 2044 – Periodic Update Workshop on June 15

PSRC, the Washington State Department of Commerce, and MRSC are hosting an online workshop on June 15 from 9:30 a.m. – 12 p.m. on comprehensive plan updates. The workshop will officially kick-off the 2024 class of plan updates! We will cover what's new in the Growth Management Act and VISION 2050 and explore the planning issues communities are most interested in. Attendees will also have an opportunity to connect with other staff working on comprehensive plans throughout the region.
