## **ACTION ITEM**

September 15, 2022

**To:** Operations Committee

**From:** Josh Brown, Executive Director

Subject: Approve Contract Authority for Website Support Services

## **IN BRIEF**

Authorization by the Executive Board is required for the Executive Director to enter into a contract in excess of \$10,000. A request is being made to authorize a consultant contract, not to exceed \$45,000 over the course of three years, for website support services.

## **RECOMMENDED ACTION**

Recommend the Executive Board authorize the Executive Director to enter a consultant contract for website support services not to exceed \$45,000 over the course of three years.

## **BUDGET IMPACT**

The adopted Biennial Budget and Work Program for FY 2022-2023 includes sufficient funding for this task. Funding for Year 2 and Year 3 is contingent on adoption of the FY 2024-2025 Biennial Budget and Work Program.

## DISCUSSION

Services would include core and module security updates for the website platform, help desk assistance, and design and programming adjustments. 4.a

## **ACTION ITEM**

September 15, 2022

**To:** Operations Committee

**From:** Josh Brown, Executive Director

Subject: Approve Contract Authority for PSRC's Move-Related Expenses

## **IN BRIEF**

Authorization by the Executive Board is required for the Executive Director to enter into a contract in excess of \$10,000 per year. A request is being made to authorize the Executive Director to execute contracts for certain tenant improvement expenses needed for PSRC's new office space.

## **RECOMMENDED ACTIONS**

- 1. Authorize the Executive Director to enter one or more contracts for audio-visual system design, not to exceed \$12,000 in FY 2023.
- 2. Authorize the Executive Director to enter into one or more contracts for office furniture and fixtures design, not to exceed \$12,000 in FY 2023.

## **BUDGET IMPACT**

The FY 2024-2025 Biennial Budget and Work Program will contain the costs associated with the new lease, as well as the furniture and information technology infrastructure costs associated with the move. While the contracts will be entered into during the FY2023 budget period, the expenses for these will be mostly incurred and thus reflected in the FY2024-2025 Biennial Budget and Work Program period. There are sufficient funds within the current fiscal year's budget to cover expenses as they are incurred.

## DISCUSSION

On July 28, 2022, the Executive Board authorized the Executive Director to execute a lease for new office space at 1201 3<sup>rd</sup> Avenue, effective January 1, 2024. Staff has

been working with the new landlord and its joint architect consultants, Weaver and Associates, to design the space to meet PSRC's office needs.

The lease as executed is "turn-key," meaning, the landlord has agreed to absorb the costs associated with improving the space to meet PSRC's needs. Specifically excluded from the tenant improvement costs are furniture, moving expenses, cabling and audio-visual (AV) design and installation.

## Audi-Visual Equipment Contracts

The team is working to get final construction designs out to bid the week of November 14, 2022. To that end, the AV design and detailed plans will be needed to ensure that PSRC's new board room and meetings rooms are equipped with the technology to hold effective hybrid meetings of a variety of sizes. It is anticipated that the design itself will not exceed \$12,000. Once completed, staff will have estimated costs associated with equipment purchase and installation for the dividable board room, and additional six meeting rooms. While the design expenses will be incurred within this current fiscal year, the bulk of the expenses associated with equipment purchases and installation will be incurred in the next fiscal year.

## Office Space Fixtures and Furniture Design Contracts

As part of the office relocation, staff have been working to inventory its existing furniture that can be re-used in the new space, as well as determining its new furniture needs. PSRC will need to issue an RFP for the purchase of that new furniture, and staff anticipates coming to the Operations Committee for authority for the new furniture purchase at its October meeting. In the interim, it is seeking authority to enter into one or more contracts for a consultant to assist in this process in an amount not to exceed \$12,000, including ensuring the existing furniture fits into the space and use intended in the new office design. This contract authority will also assist in the design of fixtures not covered by the lease's turnkey tenant improvements provisions.

## **ACTION ITEM**

September 15, 2022

- **To:** Operations Committee
- **From:** Josh Brown, Executive Director

Subject: Approve Contract Authority for In-House Leadership Development Training

## **IN BRIEF**

Authorization by the Executive Board is required for the Executive Director to enter into a contract in excess of \$10,000 per year. A request is being made to authorize the Executive Director to enter into a contract for in-house leadership development training for PSRC staff, in an amount not to exceed \$18,000.

## **RECOMMENDED ACTION**

Recommend that the Executive Board authorize the Executive Director to enter into a consultant contract for in-house leadership development training in an amount not to exceed \$18,000.

## **BUDGET IMPACT**

The adopted Biennial Budget and Work Program for Fiscal Years 2022-2023 includes funding for staff training and development and is sufficient to absorb the costs associated with this particular training.

#### DISCUSSION

As part of PSRC's commitment to investing in the professional development of its staff, staff from across the agency came together to identify the types of agencywide training opportunities that would be of most value and interest. Staff expressed interest in PSRC hosting an in-house leadership development training to ensure all staff have an opportunity to learn fundamental tenants of leading themselves, leading teams and leading at the organizational level, with a public sector lens. After soliciting proposals

from a number of training institutions, staff selected the Virginia Institute of Government (VIG), the leadership development and community engagement arm of the Weldon Cooper Center for Public Service at the University of Virginia (UVA). Working with the VIG, PSRC will host a three-day intensive program, called LEAD (Leading, Educating and Developing), with the following objectives for participants:

- Examine, discuss and apply the most relevant and powerful leadership practices, with focused discussions on the distinct and complex experiences of local governmental leaders
- Deepen their understanding of inclusive leadership, with specific sessions on diversity, equity, and inclusion
- Develop interpersonal skills and organizational leadership skills
- Cerate a clear roadmap of who they can immediately apply the concepts learned from the program to their specific organizations
- Build essential skills and awareness through team engagement

VIG hosts one-week sessions at its UVA campus, but at a much higher per participant charge (over \$5,000/attendee versus the approximately \$400/attendee). The total number of participants are limited to 45, and once all PSRC staff have had an opportunity to enroll, if there are still seats left, we will open it up for member agencies to send staff to the session, scheduled for December 5-7, 2022.

For more information, please contact Nancy Buonanno Grennan, Deputy Executive Director, at <a href="mailto:nbgrennan@psrc.org">nbgrennan@psrc.org</a> or (206) 464-7527.

## **ACTION ITEM**

September 15, 2022

**To:** Operations Committee

From: Josh Brown, Executive Director

Subject: Approve PSRC Executive Board Representation

## **IN BRIEF**

Every three years pursuant to PSRC's Interlocal Agreement (Section 5.C.3), the Executive Board considers the distribution of county and city representation on the Executive Board.

## **RECOMMENDED ACTION**

Recommend that the Executive Board retain the existing representation at 36 members.

## DISCUSSION

Beginning with a review in January 2019, the Executive Board adopted its current 36member representation in January 2020, adding the principal cities of Lakewood, Port Orchard, and Redmond. RCW 47.80.060 provides for the following:

## Executive board membership

In order to qualify for state planning funds available to regional transportation planning organizations, the regional transportation planning organizations containing any county with a population in excess of one million shall provide voting membership on its executive board to the state transportation commission, the state department of transportation, the four largest public port districts within the region as determined by gross operating revenues, any incorporated principal city of a metropolitan statistical area within the region, as designed by the United States census bureau, and any incorporated city within the region with a population in excess of eighty thousand. It shall further assure that at least fifty percent of the county and city local elected officials who serve on the executive board also serve on transit agency boards or on a regional transit authority. The US Census Bureau did not report any changes to the principal cities in the Central Puget Sound region. Two entities, the City of Seattle and Pierce County, remain eligible for an additional seat based upon changes in population. Staff has been in contact with both jurisdictions, and both are not requesting an additional seat on the Executive Board.

For more information, please contact Nancy Buonanno Grennan, Deputy Executive Director, at 206-464-7527 or <a href="mailto:nbgrennan@psrc.org">nbgrennan@psrc.org</a>.

## **INFORMATION ITEM**

September 15, 2022

**To:** Operations Committee

From: Josh Brown, Executive Director

Subject: Annual Weighted Votes Revision

## **IN BRIEF**

Every September the weighted vote for the General Assembly and the Executive Board is revised to reflect the most recent population figures from the Washington State Office of Financial Management (OFM). The weighted votes as revised effective August 2022 is attached.

## DISCUSSION

The methodology for allocating the weighted votes for the General Assembly and the Executive Board is set forth in the Interlocal Agreement (ILA), Article V, Section B.2, which provides that the total votes of all city and county jurisdictions within each county will be proportional to each county's share of the regional population. Further, county government will be entitled to fifty (50) percent of their respective county's total vote. City and town votes will be based on their respective share of the total incorporated population of their county.

For example, the April 1, 2022, OFM population figures show the region's member jurisdictions as a whole has a population of 4,372,905, up slightly from the 2021 figure of 4,319,995. Kitsap County's 2022 share of that regional population is 6.421%, with a total resident population of all member jurisdictions of 280,900. Therefore, Kitsap and all the member jurisdictions receive 64.21 total weighted votes (6.424% x 1000 weighted votes). Half of those total weighted votes or 32.12 go to Kitsap County and the other half are allocated to the cities within Kitsap County based upon their respective share of the total incorporated population of the county.

The weighted votes are updated every September, and do not impact the representatives to the Executive Board. The Executive Board representatives are reviewed every three years, pursuant to the ILA Article V, Section C.3. The Operations Committee's next review will be held this month.

## Subject: PSRC 2022 Base Pay Market Study – etairosHR

PSRC contracts with its human resources consultant, Amy Efroymson, of etairosHR, to perform an annual base pay market study. Ms. Efroymson completed the 2022 study in August 2022 comparing PSRC's pay with the external market to ensure that the agency's salaries remain competitive with comparable jurisdictions.

In general, PSRC's salaries are within five percent of the market average at the beginning and maximum of the salary ranges. However, the midpoint of the ranges have fallen behind. To ensure continued market competitiveness, and to acknowledge the rise in the cost-of-living adjustment, PSRC implemented Ms. Efroymson's recommendations as follows:

- 1. The minimum and maximum of the salary ranges will be increased effective September 1, 2022 by two percent (2%)
- 2. The midpoint of the ranges will be increased by four percent (4%).
- 3. Range D will be combined with range E and all roles within will be reflective of the range E minimum, midpoint, and maximum. This will also reduce the overall number of pay bands from eleven to ten.
- 4. The midpoint for range G and the maximum for range E will see an additional adjustment to reflect market results

The adjustment of the bands will not impact current employees' pay unless their pay falls below the newly established minimum salary for their position.

These changes maintain PSRC's competitiveness, which is critical to acquiring and retaining the talent needed to meet the demands and goals of the Regional Council. ## 2022 Base Pay Market Study

Puget Sound Regional Council Prepared by Amy Efroymson, etairosHR

The purpose of the base pay market study was to compare the 2022 PSRC Pay Bands to local and regional industry related base pay survey data to determine if the current pay band structure was externally competitive. PSRC's current compensation structure has eleven pay bands with a minimum, midpoint (normally considered average market pay), and a maximum.

#### Methodology

Eighteen positions were selected for the market study which is fifty percent of PSRC's positions. Sixty-four percent of staff are represented by these positions. These positions represent a cross section of the Regional Council organization at all levels and are representative of the positions in the published surveys. See **attachment B** for a list of the positions surveyed.

Three published surveys were used to conduct the market study. These surveys reflect the external competitive market for local and regional base pay. The analysis compared PSRC's minimum, midpoint, and maximum pay bands to the minimum, average, and maximum ranges in the published surveys.

| Survey/Data Source                             | Number of Participants |
|--|------------------------|
| 2022 Washington Public Employers Salary Survey | 36 Organizations       |
| 2022 Puget Sound Area Compensation Survey      | 101 Organizations      |
| 2022 Washington City and County Survey         | 6 cities; 4 counties   |

#### Results

The results of this study confirmed that while PSRC has continued to move forward with a competitive footing in the market there are still adjustments to be made. Ongoing annual range adjustments and individual market related salary adjustments have continued to move PSRC employees towards the mid-point of the ranges. Conducting the annual market survey review has continued to provide real time data to assist in maintaining competitive salary ranges.

As a result of this year's study, the following changes have been made:

1. **Range Increase:** The minimum and maximum of all salary ranges have been adjusted by 2% as of September 1, 2022 to account for a cost-of-living increase in the region. The midpoint of the salary ranges have been adjusted by 4% as of September 1, 2022 to account for continued market movement.

- 2. **Pay Band Consolidation:** Positions in pay band D will be combined with pay band E and all roles within the newly combined pay band will be at the new pay band E levels. This will reduce the overall number of pay bands from eleven to ten.
- 3. **Additional Pay Band Adjustments:** The midpoint of pay band G and the maximum of pay band E received an additional adjustment to reflect the market study results.

These changes do not impact the salaries of incumbent employees.

#### **Future Recommendations**

Following are the recommendations for future refinements to PSRC's pay band structure:

- 1. **Annual Adjustment to Pay Bands:** We recommend the continued practice of annual adjustments to the pay bands to reflect the cost-of-living index changes. This change does not result in automatic pay increases for staff. The adjustment only keeps the pay bands externally competitive.
- 2. Annual Base Pay Market Study: We recommend PSRC continue to revisit external base pay competitiveness annually to monitor any adjustments to overall market conditions.

Questions about this market study can be directed to Amy Efroymson, etairosHR at amy@etairoshr.com.

Subject: Housing Public Opinion Survey Update

## **IN BRIEF**

The board authorized a contract for a public opinion survey on housing in April. Through a competitive process, PSRC selected the consulting firm PRR to conduct the survey. Staff will provide the committee with an update on the work.

## DISCUSSION

Housing access and affordability were identified as regional priorities in VISION 2050. To learn more about public opinions on housing, PSRC and the state Department of Commerce collaborated to contract with PRR to develop and conduct a statistically valid public opinion poll. PRR's work for PSRC will cover the four-county area of the central Puget Sound. Their work for Commerce will cover the remainder of the state of Washington. This collaborative effort will allow us to gain a better understanding of the public interest and support for implementation of housing strategies both within the PSRC region and statewide.

The intent is to collect sample data sufficient to look at the region as a whole and major subareas as well as to assess demographic differences. Survey results will aid PSRC in development of housing strategies and provide useful information to local governments as they update the housing elements of their comprehensive plans.

The survey builds on recent work – including assessing the Regional Housing Strategy, past opinion polls, and other resources – and can help to identify future work items. PRR, PSRC, and Commerce worked to identify information that would be desirable to obtain through the survey. PRR developed and tested a draft survey and is scheduled

to conduct the survey in September and October in order to have results for fall board meetings.

We estimate that initial results will be available near the end of October with a full report in November. Findings will be shared with PSRC boards and made available online.
