7. Next Meeting: December 14, 2022: 9:30-11:00 a.m.

8. Adjourn (11:00)

Regional Transportation Plan – Freight Key Messages

- Freight is an integral part of the region's multimodal transportation system
- Accommodating freight traffic should be explicitly addressed in transportation planning and programming, including land use policy, development regulations, and roadway design and pavement standards
- Context matters, and potential strategies and projects to address freight issues are different depending on the setting
- Local jurisdictions should actively engage to help address truck parking issues
- PSRC will continue to lead and participate in forums that foster regional and statewide cooperation on freight

Regional Transportation Plan – FAC Role

- Serve as forum to compile best practices for design, management, and operation of freight transportation, and examples of solutions to freight problems within varying contexts
- Work with PSRC to serve as a clearinghouse to help partner agencies share this information
- Serve as forum to support partnerships to address and prioritize regional freight issues, and leverage resources to address regional freight priorities

Regional Transportation Plan – FAC Role

- What are the committee's freight-related priorities?
- What can the committee's role be in advancing these priorities?
- Poll questions...
