

Puget Sound Regional Council

Regional TDM Advisory Committee Meeting Summary

Date: August 10, 2022 from 1:00 p.m.- 3:00 p.m.

Location: Remote – Online Meeting Only (Zoom Connection)

Welcome and Introductions

Sarah Spicer, Co-Chair, welcomed everyone at 1:00 p.m. and then took a roll call and confirmed the members and alternates present.

Approval of Meeting Summary

The summary for the June 8, 2022 TDM Advisory Committee meeting was approved as submitted.

PSRC Committee Debriefs

Sarah and Gil Cerise, PSRC, provided an overview of recent meeting topics for the Regional Staff Committee and the Regional Project Evaluation Committee.

Meeting materials for the Regional Staff Committee can be found at:

Discussion: 2021 Regional Household Travel Survey Findings

Grant Gibson, PSRC, provided an overview and background information on PSRC's Household Travel Survey program. He reviewed some key transit-related findings from the 2021 Regional Household Travel Survey and compared them to previous survey findings. The committee discussed, asked questions and provided comments.

The presentation can be found on the PSRC website [here](#).

For more information contact Grant Gibson at ggibson@psrc.org.

Discussion: TDM Committee Outreach Update

Gil reminded the committee that to support the TDM priorities in the 2022-2050 Regional Transportation Plan, outreach meetings have taken place with TDM committee members to help PSRC better understand TDM operations and infrastructure and connect with TDM stakeholders. He noted part of the outreach focus was to make TDM more understandable and approachable.

Erin Hogan, PSRC, reviewed the memo in the August meeting [agenda packet](#) which provided updated information from feedback received from the most recent phase of outreach meetings with committee members and how this feedback will inform the

committee's future work. She then presented and used the MURAL online tool to capture any additional thoughts from the committee. The committee discussed and provided comments and suggestions. Erin said that she would share the MURAL as part of a follow-up email that will be sent to the committee after the meeting, for any additional feedback.

Discussion: Introduction to Improving TDM Integration in Planning and Implementation

Gil introduced the topic and noted that this topic area is in the "What's Ahead" section of the 2022-2050 Regional Transportation Plan (see page 96). He and Erin said the potential next steps to address this area could be sharing information on programs that may be helpful and provide support to the committee for implementing TDM integration consistently in upcoming regional and local planning processes. The committee discussed and provided suggestions. It was noted more information would be included in a follow-up email to the committee after the meeting.
