Subject: Public comment for 23 March and Public Participation Plan

I'll be brief:

You can stop Alex Tsimmerman right now if you want to.

The MRSC is telling the counties what I am telling you: You CAN close your skies to Alex Tsimmerman and go to written comment only.

My turn and why: Because the work of the PSRC matters and comments should be focused on the work. Tsimmerman doesn't care.

There you go;
