#### **Discussion: PSRC TDM Inventory and Data Collection**

Erin Hogan, PSRC, summarized the feedback from the April TDM inventory workshops with committee members and reviewed the proposed data points to collect for the regional TDM inventory update. #### **Discussion: Draft Regional Context for TDM in the Central Puget Sound Region**

Gil shared a concept to develop a “regional context” for TDM in the region, building upon information gathered from TDM stakeholder interviews and the TDM section of the RTP. The intent of this regional context document is to articulate how TDM is organized and implemented in the region. It could be used for communicating to layperson audiences, as part of an updated TDM webpage, and/or part of the next RTP TDM section. Gil and Erin shared an outline of what this regional context document would include and received committee feedback.
