The July 17, 2024 meeting summary was approved as presented.

#### **Discussion: Initial 2023 PSRC Household Travel Survey Findings**

#### **Discussion: Regional Transportation Plan/Coordinated Mobility Plan Work Program and Schedule for CMAC**

Jean Kim, PSRC, shared an outline of key Regional Transportation Plan topics that the committee will be asked to address, including key components of the Coordinated Mobility Plan such as mobility needs and prioritized strategies. Jean also shared a draft schedule for how future committee meetings will address those topics through the end of 2025. The committee asked clarifying questions and staff will provide more details and any updates to the potential topic presentations at the next regular committee meeting. October and November meetings will cover the PSRC's Regional Priority Ranking Process for the WSDOT Consolidated Grant program.

#### **Discussion: Updates on PSRC's Coordinated Mobility Plan Survey**

Jean Kim, PSRC, provided a brief update on the Coordinated Mobility Plan survey results. The purpose of the survey was to inform the next Coordinated Mobility Plan and its inventory of services. She presented key findings, including top destinations and mobility needs and gaps identified from the survey. The top three gaps are spatial (service not available in locations where they are needed), awareness (riders fully not aware of available or eligible service), and health access (lack of adequate transportation options to get to medical facilities or other wellness locations). PSRC further collected performance data and other service information from transportation providers. Staff will finalize the data analysis by end of this year and incorporate the findings into the next Coordinated Mobility Plan.
